## Introduction to Design

Fall 2021

### Project #3- Information collage

Collaging is an interesting, textural and information dense way of presenting information.

-Work with a partner. Tell/ask each other the following information:

your favorite color

your least favorite color

what your favorite basic shape is

what your least favorite basic shape is

are you a night person or a morning person

a nick name you don't mind sharing

a favorite food

a least favorite food

Now, armed with this information, design a collage incorporating as much information about your partner as you can.

Design is storytelling.

The composition should be no smaller than 5X7 inches and no larger than 9X12 inches overall.

Use as many design elements as you can. Paint, cut paper, crayons... pick your tools to help tell the story you are trying to tell, so use your imagination.
